Welcome to CardioVita PAP

Congratulations — your application to the CardioVita Patient Assistance Program has been approved. This overview summarizes how the program works, what to expect over the next twelve months, and how to reach us if anything changes.

HOW THE PROGRAM WORKS

- Your approved medication is shipped to your home or your prescriber's office at no cost to you.
- Coverage runs for twelve (12) months from your approval date.
- You must remain enrolled with your current prescriber and pharmacy for the coverage window.
- You may need to re-enroll before the twelve months end — we'll contact you sixty (60) days before expiration.

YOUR RESPONSIBILITIES

To keep your enrollment active, notify Alderwood within thirty (30) days if any of the following change: your address, your prescribing physician, your insurance status, or your household income.

PATIENT SUPPORT

Call 1-877-555-0100 for questions about shipments, refills, or your enrollment status. Have your referral ID ready — you'll find it at the top of your approval letter.
